

COCKTAILS

TEQUILA TIME

Tequila's derived from a large rosette shaped plant with fleshy leaves called the blue agave that thrives in the Jalisco province of Mexico. Tequila is much more than the 'Killer Drink', or 'Nasty Shot' of popular party mythology. Tequila is a true classic spirit and is integral to Mexican culture. The Aztecs are thought to have produced alcoholic drinks from agave as early as the third century BC with distillation dating from the 16th century.

Tequila can be great as a short sipping drink or used in some fantastic cocktails, we like to think you have a great choice of either. Enjoy.

PORT ROYAL PERFECTION

Pirates were outlaws, carousers, and hedonists, epically lusting after life. Pirates are both brutal and romantic and crave for money, rum, and glory. Pirates drank while eating, they drank while sailing, they drank before, during and after fighting. Every day aboard a pirate ship was one long happy hour.

Port Royal was once the richest city in the world, dedicated to the disposal of plunder and providing a good time. Port Royal was also the wickedest city in the world, whatever criteria one used. There were more taverns per capita. More brothels per square yard, and more stolen goods than anywhere else before or since.

Please enjoy 'our' range of rums without the Piracy.....
